

Silicone Spray

(March 2022 edition)

AMALIE Silicone Spray is a fast drying, odorless lubricant designed to stop and prevent sticking, binding and squeaking. It will make everything slide and glide smoothly. **AMALIE Silicone Spray** does not leave a greasy residue behind. It cannot melt (+325°F) nor freeze (-35°F). It will not wash out and prevents saltwater corrosion. This spray has various uses including windows, doors, hoods, trunks, weather stripping, grommets, fan belts, drawers, and zippers.

Benefits

- Prevents Water from Entering
- Fast Drying
- Leaves No Greasy Residue
- Stops Squeaks
- For use in Auto, Boats, Homes, and Shops

Direction for Use:

Read entire label before use.

Shake the can of **AMALIE Silicone Spray** prior to use. Holding the nozzle 10 to 12 inches away, spray lightly on clean, dry surfaces. Wipe off any excess spray with a cloth. On sticking surfaces, work object back and forth until it slides smoothly.

Use in a well-ventilated area or outdoors and away from open flames.,
