ELIXIR FULL SYNTHETIC ATV / UTV OIL

AMALIE Elixir ATV / UTV Oil is designed and tested specifically for the demands of ATV or UTV vehicles. Formulated with synthetic base stocks and a proprietary mixture of additive chemistries; it is designed to offer maximum engine and clutch protection to your power sports equipment. **AMALIE Elixir ATV / UTV Oil** does not contain friction modifier. It promotes smooth shifting and positive clutch engagement. It will protect your high-revving engine from wear and is designed to remove heat from the lubricating systems quickly and efficiently.

AMALIE Elixir ATV / UTV Oil is designed to provide excellent protection at start-up even in sub-zero weather. Its inherent shear stability resists thinning at high-temperatures. **AMALIE Elixir ATV / UTV Oil** provides all-season performance and eliminates the need to use different viscosity oils depending upon ambient temperatures.

Benefits:

- Outstanding resistance to mechanical shear at high temperatures and high loads
- Excellent wear protection
- Increased resistance to oxidative breakdown
- Ideal wet clutch performance
- Peak horsepower gains

X-TREME MAX 4T MOTORCYCLE OIL

AMALIE 4T X-Treme Max Motorcycle Oil is designed to provide wear protection, sludge and varnish protection, and thermal stability for superior performance in four-cycle motorcycle applications. Blended with high-quality base stocks and performance chemistry; the **AMALIE 4T X-Treme Max Motorcycle Oil** is formulated for superior operation in high-revving, high-temperature motorcycle engines. This oil exceeds the requirements for the API SN Service Category.

Benefits:

- Outstanding thermal and oxidation stability
- Excellent sludge and varnish protection
- Excellent wear protection
- Volatility: Lowers oil vaporization and consumption at extreme conditions

X-TREME 4T MOTORCYCLE OIL

AMALIE Xtreme 4T Motorcycle Oil is designed to provide wear protection, sludge and varnish protection, and thermal stability for superior performance in four-cycle motorcycle applications. Blended with high-quality base stocks and performance chemistry; the **AMALIE Xtreme 4T Motorcycle Oil** is formulated for superior operation in high-revving, high-temperature motorcycle engines and is blended to give superior performance in those engines and transmissions that have a common sump and require specialized frictional characteristics for clutches and wet brakes. This oil meets or exceeds the API SG and JASO MA categories.

Benefits:

- Outstanding thermal and oxidation stability
- Excellent sludge and varnish protection
- Outstanding frictional characteristics
- Volatility: Lowers oil vaporization and consumption at extreme conditions
- Excellent wear protection

AERO GUARD AIRBOAT AVIATION PISTON ENGINE OIL

AMALIE AERO GUARD Airboat Piston Engine Oil W100 is designed for use in four-stroke reciprocating piston engines, including fuel-injected and turbocharged engines used in airboats. For automotive engines converted for use in airboats, consult the original equipment manufacturer for the correct engine oil.

AMALIE AERO GUARD Airboat Piston Engine Oil W100 is formulated to meet the SAE J1899 standard and contains a non-ash forming dispersant to promote engine cleanliness. High quality - high viscosity index base oils give exceptional stability while anti-foam agents effectively control foaming tendency.

Benefits:

- Maintains viscosity
- Helps to prevent engine chamber deposits
- Maintains engine cleanliness
- Controls foaming

NON-DETERGENT MOTOR OIL

AMALIE Non-Detergent Motor Oils are a quality line of straight mineral crankcase engine oils and general-purpose oils. **AMALIE Non-Detergent Motor oils** are built from high-quality mineral base stocks and may be used wherever an API SA/SB mono-grade oil is recommended.

MADE IN U.S.A.
